PROFESSIONAL SUMMARY

Junior Front-End Developer with hands-on experience building responsive and interactive web applications using HTML, CSS, JavaScript, React.js, Next.js, React Router, Bootstrap, and Supabase. Experienced in creating reusable components, building CRUD applications, handling forms and application state, and integrating APIs.

Knowledge of On-Page and Off-Page SEO, with an understanding of keyword research and basic SEO practices.

Strong communication, teamwork, problem-solving, and time-management skills developed through both technical projects and professional work experience.
